### Our mission is very simple:

“We want every student to be the best they can be, thrive in the best possible career and contribute positively to society.”

A young person’s career is the progress they make in learning and work. All young people are entitled to a planned programme of careers activities to help them choose pathways that are right for them, to be able to manage their education and career options and sustain employability throughout their lives.

Crown Hills is committed to providing a planned programme of careers education, information, advice and guidance for all students in Years 7-11. We aim to raise the aspirations of all students, to equip them with the skills to self-evaluate their progress and plan towards their future goals.

Our named Careers Lead in school is Mr Yusuf Patel and our Careers Advisor is Shehnaz Kidy. Please do get in touch if you have any specific careers queries.

[ypatel@crownhills.leicester.sch.uk](mailto:ypatel@crownhills.leicester.sch.uk)

Our careers provision is based on the Gatsby Benchmarks as recommended in the DfE’s Careers Strategy (December 2017) and the Statutory Guidance for Careers (January 2018). The 8 benchmarks are outlined below:

1. A stable careers programme
2. Learning from labour market information
3. Addressing the needs of each pupil
4. Linking curriculum learning to careers
5. Encounters with employers and employees
6. Experiences of workplaces
7. Encounters with further and higher education
8. Personal guidance

### Aims of the Careers Programme

The main aims of the programme are to:

- Provide a planned programme of careers education, information, advice and guidance for students of all ages
- Give access to independent and impartial information on opportunities in learning and work
- Give individualised careers guidance and support.
- Provide experience of the workplace to develop key employability skills.
- Identify and reduce the likelihood, through a variety of interventions, of students becoming NEET (not in employment, education or training) when they leave us.

- Ensure students have interactions with a variety of colleges, training providers, employers and universities in order to make informed decisions.

### What can students expect from the Careers Programme?

Year Group	Planned Activity 2024/25
