

BRETTOW AWARDS

Evidence Support Sheet

1. Service - To be ready to take on the world you need to understand how to contribute positively to society. For this BRETTOW Award you need to play an active role as a volunteer by supporting charity and community events

Task 1	Task 4	Task 7	In this section you must create a detailed and well-thought out poster using IT or art materials. You must consider who you are designing your poster for (target market) and it must contain all relevant elements required. Submit the poster to see if it will be used for display in your tutor room, on the plasma screens or in the newsletter. Unfortunately we can't display them all.
Task 2	Task 5	Task 8	Volunteering must be completed independently out of school. You could ask to volunteer at a local community centre such as Wesley Hall or Highfields Centre. You could volunteer at a charity shop or help your training coach at your boxing or basketball club. A full list of volunteering ideas are available on the Brettow page on the school website. You can use the Brettow Time Sheet to log the hours completed and ask for it to be signed by the person in charge (their contact details must also be included).
Task 3	Task 6	Task 9	Volunteering opportunities are available at school throughout the year including litter picking, supporting at the food bank or local care home. You could support by donating to one of our appeals as this demonstrates that you are taking part. Use the Brettow Time Sheet to log the hours completed and ask for it to be signed by the person in charge.

Task 2	Task 5	Task 8	Health and Wellbeing includes mental health, physical health and a person's diet. In this section you must research and promote awareness on a Health and Wellbeing topic. To find an idea for your topic, you could find out: • What health and wellbeing covers and choose a specific area that you're passionate about. • What other schools are doing and how you can promote that at Crown Hills. • What different health and wellbeing charities are out there and what they promote. • What top tips you'd like to promote for living a healthier lifestyle. Try to make it something that hasn't been recently been promoted and that you think is important and needed at Crown Hills. You can promote the topic by creating and presenting a powerpoint to your tutor group or via an assembly to the year group.
